EXPERIENCE

Product Design Intern · *Workshop* · May 2026 - August 2026
- Designed and handed off an AI-powered planning feature for Workshop's communications calendar, working from customer calls through user flows, wireframes and high-fidelity prototypes.
- Worked with engineers and designers on an internal communications platform used by well-known corporations.
- Used AI tools (Figma AI, Claude Code) to explore divergent design directions and prototype interactions quickly.
- Presented design rationale in design reviews and critiques, and gave constructive feedback to other designers.

Graphic Designer · *FSB Designs/Four Sisters Boutique* · April 2025 - Present
- Created original apparel designs and custom client work, applying visual design fundamentals like typography, color, layout and hierarchy.
- Managed multiple projects at once, communicating with stakeholders and clients to turn requests into finished designs on deadline.

Tech Support Team Member · *The University of Kansas* · March 2024 - Present
- Ensured smooth operations of presentations, lectures, and events in auditoriums by maintaining equipment.

Graphic Design Intern · *Lawrence Chamber of Commerce* · March 2025 - July 2025
- Partnered with events and communications stakeholders to design a brand identity and visual system for a company event.

Freelance Designer · *Sicily Rose Creates* · 2019 - Present
- Worked with clients to create original designs and artwork for commissioned freelance projects.
